

KCOM Business Lightstream Packages

1. Service description

KCOM Business Lightstream packages are designed to provide value for money to KCOM customers that require both a single exchange line and Lightstream. The exchange line can either be a standard analogue line or where additional business features are required a SmartComms line.

The package features include:

- Unlimited download limit on Lightstream
- 120 minutes of calls to mobile phones
- Free local calls
- Option for inclusive national calls

Where a SmartComms line is provided the following additional features are available

- One free DECT telephone
- A voicemail box
- Remote Office to enable the line to be redirected to any telephone number
- Free Toolbar applications for PC and iPhone
- Maintenance of DECT base station

The SmartComms line is available only with FTTP (Fibre to the premises) installations whereas an FTTC (Fibre to the cabinet) delivery is only available using an analogue line.

2. Call charges

Analogue Line:

Customers can find associated call charges in the 'KCOM Phone Services' section on KCOM Business Price Manual

SmartComms 'One'

The SC02 tariff applies for associated call charges. The SC02 tariff can be found in the SmartComms section on the KCOM Business Price Manual

The maximum Lightstream download and upload speeds is detailed in the table below.

Customer Requirements

- Ethernet LAN running TCP/IP (100 BASE T minimum). For LAN connections customer to supply PC Ethernet cards.
- An internet ready device
- If we connect PC's and laptops using the wireless router, we provide a router to wireless 11ac standard. To optimize your wireless speed you will require wireless 11ac adaptors or cards for your PC, rather than older and slower A, B, G & N standards. However A, B and G standards will still work.
- All customers should consider the security of their PC. KCOM recommends the use of current anti-virus software and firewall protection. Email anti-virus protection is provided with email POP accounts. Contact the business team regarding firewall security and Unified Threat Management hardware.

- FTTP installations require two power sockets for the Optical Network Terminal (ONT) and the supplied router.
- A SmartComms line requires two power sockets for the DECT phone and Base Station.

3. Engineer visit

We will provide you with an AM or PM appointment. missed appointment charges apply for any missed installation dates [here](#).

Lightstream Hardware

We will provide hardware to you, for you to use with the KCOM Business Lightstream service, you acknowledge that any free hardware provided shall remain the property of KCOM. If the service is cancelled you must allow us access to the premises to collect the hardware, if required.

You must take reasonable care of the hardware whilst it is at the premises and, in particular, must protect it from accidental damage and theft. In addition, you must not allow anyone other than us to carry out any repairs or maintenance work on the hardware.

You will be responsible for the cost of repair or replacement hardware if it is lost or damaged as a result of accidental damage or you failing to take proper care of them. However, we will be responsible for any problems you experience with the use of the hardware that can be attributed to any defects with the materials or manufacture. We will repair or replace any defective items free of charge within the initial 12 months with a new or as new hardware of similar specification as the hardware being replaced.

Beyond the initial 12 month warranty you will be required to purchase replacement hardware.

If you purchase Hardware to use with the Service from Us or are required to purchase replacement Hardware after the initial 12 months service, the ownership of the hardware shall be yours once you have paid for the hardware in full. We will assign the benefit of any product warranties given by the manufacturer or supplier of the Hardware to You; and You shall be entitled to replacement hardware if You experience any problems with the Hardware, during the initial 12 month period following on from the date on which We supply the Hardware to You, if such problems can be attributed to any defects with the materials or manufacture of the Hardware.

8. Early termination charges

Customers on a 12 or 24 month contract that terminate before the end of the contract are subject to the costs of the service for the remainder of the contract term.

9. Customer availability & compatible services

All services subject to availability, line test and confirmation.

All customers and end-users are subject to and must abide by our Acceptable Use Policy.
