

NO LONGER AVAILABLE FOR NEW SUPPLY

UPS for PON Installations

Service Description

UPS (uninterruptible power supply) for PON installations - this unit provides 3 hours of standby power to maintain communications when the mains power fails in customer's premises, the unit is to supply KCOM equipment only and remains the property and responsibility of KCOM at all times.

Charging Structure

Length of Contract	Monthly Rental	
	Exc. VAT	Inc. VAT
1 Year	£25.00	£30.00
2 Year	£20.00	£24.00
3 Year	£15.00	£18.00

1. You must take the Managed UPS Service for the minimum period you have specified and thereafter you shall be entitled to renew the service for additional periods of 12 months. If the provision of the Managed UPS Service terminates prior to the end of the agreed minimum period for any reason we reserve the right to charge you all of the charges that would have fallen due up until the end of the minimum period on an accelerated basis less a 10% discount for early payment.

Conditions

1. If you take a Service that is directly connected using KCOM's passive optical network ('PON'), you will be responsible for providing a mains electricity supply to use with the Service, You acknowledge that your Service will be interrupted if the provision of mains power fails for any reason.
2. If you take our Managed UPS Service at any Site;

We will provide and maintain an appropriately specified UPS unit at that Site to provide back up for any PON services at the Site.

You must take the Managed UPS Service for the minimum period you have specified and thereafter you shall be entitled to renew the service for additional periods of 12 months. If the provision of the Managed UPS Service terminates prior to the end of the agreed minimum period for any reason we reserve the right to charge you all of the charges that would have fallen due up until the end of the minimum period on an accelerated basis less a 10% discount for early payment.

The UPS unit we supply will provide the necessary electrical power to keep all PON services at the relevant Site operating for a maximum of 3 hours in the event of the normal mains power supply failing;

You will be responsible for notifying us promptly if you become aware of any fault with the UPS unit we supply or if any alarm or warning light on the UPS unit indicates that it needs servicing. The UPS unit we supply will be KCOM Equipment for the purposes of this contract and will remain our property at all times.
