Engineer Visit Charges - Business Customers

Where an engineer attends a visit at the request of the customer for an engineer visit, or upon the customers acceptance of Technical Supports recommendation for an engineer visit because technical support cannot identify a fault on the network*. An engineer visit charge will be applied to the customers bill in the following circumstances;

Charge Category	Description
Engineer Visit Charge	A fault has occurred due to home phone extension wiring or how equipment has been connected by the customer
Engineer Visit Charge	Telephone wires that have been accidentally cut
Engineer Visit Charge	Damage caused by damp, flood, fire, broken guttering or fallen trees or building work
Engineer Visit Charge	There is no fault on either the KCOM network or the customer CPE
Engineer Visit Charge	The customer is responsible for damage caused i.e. the dog has chewed the ONT, the customer has knocked the socket of the wall or building works have caused the damage
Engineer Visit Charge	There is not a fault but in home Wi-Fi issues such as an ill positioned router, a legacy router (i.e. not a Lighthub router) or interference from a mobile device or alarm is the reason for the issue
*Demarcation point for the KCOM network is the ONT (Optical Network Termination unit)
