Hosted Exchange / Hosted SharePoint

Not Available for New Supply

1. Service Description

Hosted Exchange allows an organisation to access a robust, secure and highly functional Microsoft Exchange based messaging system on a 'Pay As You Go' basis. The service provides access to hosted email, calendars, contacts and to-do lists accessible using Microsoft Outlook client software or Outlook Web Access via a browser. Hosted SharePoint allows customers to access a document and workflow storage and collaboration environment which enables the efficient sharing of information and powerful collaboration tools.

2. Customer Requirements

Customers will require a PC with and Internet Connection running Microsoft Windows (XP or above recommended) with Microsoft Internet Explorer 6 (or above).

3. Charging Structure

Lead Times

The service is provisioned automatically after order and will normally be available within 2 hours of provisioning. Please note that delays may be experienced if a new domain is assigned at the time of provisioning - due to the Domain name propagation process.

Conditions

Terms and Conditions are shown online when the customer orders the product.
