

KC Teleworker Max High Volume Not Available for New Supply

1. Service Description

KC Teleworker Max is available in the OLA and EYE to customers with an annual commitment of 50+ connections. Maximum downstream line speeds are 8Mb and upstream speeds are 448kbps. Usage is unlimited, with no monthly cap; however, Performance Management is applied to Teleworker Max during busy periods, especially for bandwidth-intensive activities such as file sharing (peer to peer) and newsgroup access.

2. Customer Requirements

A new or existing KC telephone line is required to deliver the ADSL.
