# KC Landlord Max - 100

## 1. Service Description

KC Landlord Max is a product combining Centrex telephony and broadband, allowing landlords (including student accommodation agencies) to resell inclusive telephone and broadband services to the tenants in their houses.

As the customer is authorised to resell the KC Landlord Max service, the additional terms relating to the resale of products set out in the Business Conditions of Service apply to this product.

This product is intended to support normal residential use by end users; commercial use by end users is not permitted.

## 2. Telephony Description

KC Landlord Max comes with business-quality Centrex telephony. Outgoing calls are barred, apart from emergency calls (to 151 or 999).

### Broadband Description

The service has the following features:

Maximum speed downstream	8Mbps
Maximum speed upstream	448kbps
IP Address	Dynamic
Inclusive Technical Support	Yes - to landlord only
Webspace	None
Email addresses	None
Fair Usage Policy Applies	Yes - 100GB per month*

\* During peak hours only, 6pm to midnight

Service availability is subject to survey and confirmation.

The maximum downstream and upstream line rates are dependent on a number of factors, including the following:

- distance from the property to the nearest exchange
- number of users sharing the broadband connection within the property
- quality of the internal wiring (incl. extension cables) within the property
- correct installation of Microfilters; additional filters are available from KC for £3.40 ex VAT (£4.00 inc VAT) each.
- number of other ADSL connections within the same cable to the exchange (therefore slower at peak times)
- Any interference caused by electrical devices within the property (e.g. Sky TV, burglar alarms, etc.)
- Hardware: Ethernet will generally give better speed than USB

### 3. Pricing

Tariffs for KC Landlord Max comprise a one-off connection charge per extension, plus a monthly rental per extension.

#### Notes

a) Prices do not include telephone apparatus, CPE wiring or ADSL hardware. Prices for these are available on application.

b) Customers re-grading from an existing KC telephony or broadband product to Landlord Max on a 1-year contract will incur an administrative charge of £10.00 exc. VAT (£12.00 Inc. VAT) per line. There is no administration charge for customers re-grading to Landlord Max on a 2, 3 or 5-year contract.

### 4. Contractual Initial Period

Contracts for Landlord Max are available with minimum contract periods of one, two, three and five years.

### 5. Cancellation - one-year contracts

Customers who cancel within the first year will be charged for all outstanding rentals to the end of the minimum contract period.

### 6. Cancellation - two, three and five-year contracts

Customers with two, three and five year contracts who cancel within one year will be charged for all outstanding rentals to the end of the first year, plus 50% of the contract value from the end of the first year to the end of the minimum contract period.

Customers with two, three and five year contracts who cancel after the first year will be charged for all outstanding rentals to the end of that year, plus 50% of the contract value from the end of that year to the end of the minimum contract period.

## 7. Re-Locate Telephone Socket

Additional costs apply if a KC engineer visit is required to install a new extension or move a socket, as follows:

## 9. Fix Times

**Broadband:** 72 hours / 3 days.

**Telephony:** 10 working hours (working hours are between 8.00am and 6.00pm, Monday to Saturday, except Public Holidays) (KC BusinessCare).

KC Landlord Max customers may opt for a target 5 clock hour fix by subscribing to [KC BusinessCare Plus](#), for an additional charge. BusinessCare Plus operates 24 hours per day, 7 days per week including Public Holidays.

If a fault with the service occurs, the customers should try to resolve the faults by rebooting any affected servers or PCs before raising a fault with the KC helpdesk.

KC reserves the right to raise additional charges if faults are reported to the help desk which, upon investigation, are shown to be faults the customer could have resolved by re-booting the affected servers or PCs.

The customer shall be responsible for ensuring that there is a recognised process by which end users can contact the customer about faults or services issues. Kingston's helpdesk will only liaise with the customer in relation to faults or service issues; and not the customer's end users. The customer will then have sole responsibility for any onward communication with its end users.

## 10. Billing Options

At no additional charge the following options are available to KC Landlord Max customers:

- Monthly or quarterly billing
- Summary billing available

## 11. Reconfiguration

Changes refer to programming changes that a customer may need, for example, hunt groups, bypass numbers, multiple pick-up groups, re-numberings, remote diversions, abbreviated dialling numbers or outgoing call barring adding to a line.

The charge given below is applied on a per event basis for any programming changes to a customer's KC Centrex service.

The customer is allotted an Initial Period of one month after Ready for Service date free of charge for changes, after which, all events become chargeable at the tariff below. #
