

# BlackBerry Enterprise Solution tariff

## BlackBerry Enterprise Solution tariff

The BlackBerry Enterprise Solution (BES) from KCOM is an all-in-one secure wireless solution that enables you to enjoy the benefits of the mobile office. It works seamlessly with your company email server so you can access emails on the move, making your office truly mobile. The versatility of the KCOM BlackBerry BES tariff means you can add it to your current voice calling plan or take it as a data only connection.

### How much does it cost?

BlackBerry BES tariff 500MB	Option 1	Option 2	Option 3
BlackBerry with Mobile Extension	£25.00	£37.00	N/A
BlackBerry with Best for Business	£25.00	£30.00	£37.00
BlackBerry with Business Bundles			
BlackBerry with Business Sharer	£25.00 plus line rental		
BlackBerry with Business Single			
BlackBerry BES tariff 1GB	Option 1	Option 2	Option 3
Mobex	£28.33	£40.33	N/A
B4B	£28.33	£33.33	£40.33
Others	£28.33	£28.33	£28.33

### What software options are there?

To integrate the BlackBerry service into your company email system you will need to have the appropriate software solution. This is dependent on the number of end users as well as your email system. You can choose between two types of software: BlackBerry Enterprise Server or BlackBerry Professional. BlackBerry Professional software has been specially designed for small to medium businesses to manage up to 30 end users.

Software	Price
BlackBerry Evaluation Software (Lotus, Microsoft, Exchange, Novell Groupwise)	Free (subject to trial approval)
BlackBerry Enterprise Server - up to 2000 users	
BlackBerry v5.0 software (includes licenses for 20 users)	£2,000
BlackBerry v5.0 upgrade	£470
Additional licenses for 10 users	£340
Additional licenses for 50 users	£1610

<b>BlackBerry Professional Software - up to 30 users (Microsoft Exchange users only)</b>	<b>Price</b>
BlackBerry Professional software (includes 1 license)	FREE
Additional license for 1 user	£50
Additional license for 5 users	£210
Additional license for 10 users	£340

### Data roaming

KC offers both daily and monthly charges for international data roaming, meaning you can choose the most cost effective way of utilising your BlackBerry abroad. All prices include unlimited monthly or daily rates for services accessed through the BlackBerry Internet browser (APN).

<b>BlackBerry Data Roaming</b>	<b>Price</b>
Monthly roaming rate	£20 per month*
Daily roaming rate	£5 per day

\* There is a minimum period of 3 months if you opt for the monthly roaming tariff

### Other data usage

The BlackBerry subscription charges include unlimited sending and receiving of email. However, there are additional charges for usage of non-BlackBerry Internet browser (APN) e.g. Internet Access via mobile.o2.co.uk

<b>Additional data via Mobile Web</b>	<b>Price</b>
Domestic Usage	£0.75 per MB
Within the European Union	£0.75 per MB
Outside of the European Union	£6.00 per MB

All prices exclude VAT.
