

Analogue Lines

1. Service description

A telephone line is installed in the customer premises, which is capable of incoming and outgoing calls.

Three call packages are available. For call charges, please see the call charges section of the price manual

If either the Basic Plus or Essential package is chosen, customers with multiple lines on the same number must take the UK National option on all of these lines.

For new installations the lead-time is 6 working days for business customers, from acceptance of application.

Notes

1. In certain circumstances, where extensive new construction is required in order to provide a customer with telephone service, additional charges may apply.
2. The annual rental charge includes all network apparatus up to and including the Network Termination Point. An additional annual rental charge of £18.00 Ex. VAT (£21.60 Inc. VAT) (Business) will be raised where a basic telephone or a termination is provided.
3. All applications are subject to a credit check and a security deposit may be required. See separate Security Deposit booklet for further information.
4. The take-over charge is as stated above, provided that no additional work or visit is required. If additional work or a visit is required the customer will be charged the standard connection fee as shown above, and not the take-over fee.
5. When selecting Basic Plus or Essential, the inclusive calls are not itemised on the customer's account.
