

Lincolnshire Business Tariffs

Connection to any directly connected standard voice access line will be free of charge, subject to survey.

All sales need to be pre-qualified against the sales tool in order to ascertain whether served over LLU or PON networks and what value of services need to be sold.

All directly connected customers whether via PON or LLU should be quoted a 40 working day lead time for provision from launch of the network.

Line Rental: Analogue and ISDN 30

Monthly Rental Prices per line are shown.

In some circumstances, provision of a line may only be available using local loop unbundling via BT. Where this is the case, different fault response and clearance times may apply.
