

HOT Site Bearer Service (HSBS)

KCOM has agreed to supply a HOT Site Bearer Service to CPs within the Hull Area. In the event that the CP wishes to connect to a CP Site or End User Site located outside of the Hull Area, KCOM will provide the Hot Site Bearer Service to a CP Site located within the Hull Area and the CP will be responsible for sourcing and connecting any capacity for connection from the CP Site to a site outside of the Hull Area. The CP may utilise equipment owned by a Third Party CP at the CP Site, subject to a separate agreement with the third party involved.

The CP can only use the Hot Site Bearer Service to connect within the Hull area for CP Site to End User Site routing

The HOT Site Bearer Service cannot be used for connections which are outside the scope of those identified above, including:

- (a) where the usage is for the purpose of building or extending core networks; or
- (b) where the intent is to replicate core network.

Excess construction charges

Connection Charges below apply to all installations where routing is determined by KCOM and there are no access impediments. Excess Construction Charges, subject to survey, will only be levied in exceptional circumstances such as the requirement for resilient circuits or, for example, requests for termination requiring substantial interior cabling.

HOT Site Bearer Service

This service relates to installations for a specialist presentation for Critical National Infrastructure where HOT site equipment and a customised presentation of a 10Gb bearer is required for multiple ports . This requires multiple chassis hardware in the design with specific port configuration.

A HOT Site compliant delivery is required with the following presentation interfaces:

- Port 1 - STM1 – Single Mode – SC (Termination)
- Port 2 – STM4 – Single Mode – SC (Termination)
- Port 3 – STM16 – Single Mode – SC (Termination)
- Port 4 – GigE – Multi Mode – SC (Termination)

Connection Charges				
Feature	Notes	Operative Date	Until	Connection Charge Ex VAT
ECAS 10Gb HOT Site		07/01/2019		£35,000

Annual Rental Charges				
Feature	Notes	Operative Date	Until	Rental Charge Per Annum Ex VAT
ECAS 10Gb HOT Site		07/01/2019		£29,081.00
