## 3. Service Standards

Customers are offered a Business Service Level Agreement (SLA) as standard with all Business Lightstream packages. As an additional Bolt-On, customers can purchase enhanced SLAs with faster fixed times for each Lightstream connection. See table below for service descriptions for each.

| Service   | All Business Lightstream Packages  | Enhanced SLA 1  | Enhanced SLA 2  |
|---|--|---|---|
| Service Level Agreement the KCOM Business Promise | Repair time (or "TTRF"): Next Working Day <sup>1</sup><br>85% of calls answered in <60 sec<br>95% of emails replied to within 1 working day<br>75% of issues fixed at first point of | Repair time (or "TTRF"): Same day fix, Monday – Friday <sup>1 2</sup><br>90% of calls answered in <60 sec<br>95% of emails replied to within 1 working day<br>85% of issues fixed at first point of | Repair time (or "TTRF"): Same day fix, Monday – Sunday <sup>1 3</sup><br>90% of calls answered in <60 sec<br>95% of emails replied to within 1 working day<br>85% of issues fixed at first point of |

### Notes

<sup>1</sup>Excluding network outages, telephony faults or faults that require ongoing monitoring, working days are Monday to Friday and exclude bank holidays

<sup>2</sup> Same day fix for faults reported before 1200 Monday to Friday

<sup>3</sup>Same day fix for faults reported before 1200 Monday to Sunday

## 4. Analogue Voice Bolt-on

All Lightstream packages require a business phone line. For a full list of charges applicable to an analogue line please visit the analogue pricing page [here](#).

|  | <b>Essential Voice</b><br>(provided over an analogue line) |
|--|--|
| Monthly price                            | £20  |
| Business line rental                     | Included   |
| Local calls                              | Unlimited*   |
| National calls                           | Unlimited*   |
| Mobile minutes                           | Unlimited  |
| Contract length                          | 12 months**  |
| Handset                                  | Not included   |
| Install fee (if no analogue line exists) | £144   |
| Take-over fee (if analogue line exists)  | £20  |

\*For a full list of analogue call charges please see [here](#).

\*\*Voice Bolt-on can be added into Lightstream contract at any time but is subject to a full 12 month term with early termination fees.

## 5. Security Bolt-on

KCOM Business Security Bolt-on's are designed to provide a fully managed internet security appliance.

Should an Enhanced SLA 1 or 2 not be purchased on the associated Lightstream service with the Security Bolt-on, the standard SLA will fall as default.

The Bolt-on features includes:

- SoHo Blue user managed security appliance including firewall & Unified Threat Management (UTM)
- Monthly subscription includes: (i) firewall hardware and hardware support, (ii) software updates/upgrades and (iii) installation and fault management
- In-warranty firewall swap-out by next working day

## 5.1 Monthly Rentals

|               |         | Standard Licence; 10 devices              | Premium Licence; 10 devices              | Standard Licence; 25 devices              | Premium Licence; 25 devices              |
|---------------|---------|---|--|---|--|

| Bespoke Config & 12 Firewall rule changes per annum  | N/A               | £10.00         |
| Additional Firewall changes (Bespoke Config only)  | £50.00            | N/A            |

## 6. Monitored Service Bolt-on

KCOMs monitored service bolt-on is designed to ensure the customers downtime is kept to a minimum with remote monitoring from our customer service centre. This service is suitable for businesses who required the assurance of high service levels and have business critical processes that rely on their connectivity.

Should an Enhanced SLA 1 or 2 not be purchased on the associated Lightstream service with the Monitored Service Bolt-on, the standard SLA will fall as default.

Key features of the Monitored Service Bolt-on include:

- Fully managed Cisco router (which remains within the ownership of KCOM) with throughput download speeds of up to 900Mbps and upload speeds of up to 487Mbps)
- Lifetime replacement guarantee on router (whilst the customer remains a Monitored Service customer)
- Remote monitoring to monitor availability and minimise downtime
- Diagnostics of the customers connection
- Remote fixes in the event a network error occurs

- Basic integrated firewall

## 6.1 Other charges

| Service   | Connection Charge | Monthly Rental |
|---|-------------------|----------------|
|   | Ex VAT            | Ex VAT         |
| Connection  | £25.00            | N/A            |
| Cat5e Connection – Dual Ethernet socket and cable to 100m (90m usable) when your router needs to be located next to your PC's | £60.00            | N/A            |
| Replacement Hardware including engineer re-install  | £240.00           | N/A            |
| Replacement Hardware (Monitored service router only)  | N/A               | N/A            |
| Reconnection fee when moving premises (Monitored service only)  | £55.00            | N/A            |

## 7. Customer requirements

### For Security & Monitored Service Bolt-ons

- Ethernet LAN running TCP/IP (100 BASE T minimum). For LAN connections customer to supply PC Ethernet cards.
- An internet ready device
- If we connect PC's and laptops using the wireless router, we provide a router to wireless 11ac standard. To optimize your wireless speed you will require wireless 11ac adaptors or cards for your PC, rather than older and slower A, B, G & N standards. However A, B and G standards will still work.
- All customers should consider the security of their PC. KCOM recommends the use of current anti-virus software and firewall protection. Email anti-virus protection is provided with email POP accounts. Contact the business team regarding firewall security and Unified Threat Management hardware.

- FTTP installations require two power sockets for the Optical Network Terminal (ONT) and the supplied firewall/UTM appliance.

## 8. Engineer visits

### **For Security & Monitored Service Bolt-ons**

We will provide you with an AM or PM appointment for the installation of the Security Bolt-on service. Missed Appointment charges apply for any missed installation dates [here](#). If a Lightstream service installation is also required, there will be a second appointment either on the same or following day to install the security appliance.

## 9. Hardware

All KCOM provided hardware shall remain the property of KCOM.

If the contract terminates or your service is cancelled you must allow access to the site to collect the hardware, if required.
