

Connect Broadband ADSL Residential Services

Introduction & summary

The Services are Our 'white label' reseller product that We make available to Communications Providers (CPs) pursuant to the Reseller Agreement for Connect Broadband ADSL Residential Services. The Services enable You to offer broadband services direct to Your residential Customers and gives You control over sales, billing and first line support.

These Services have been specifically developed to enable broadband service provision in those limited locations within the Hull Area where Our fibre services are not currently available to order due to Exceptions. These Services are therefore provided as a transitional voice and broadband solution. When We clear the Exceptions Resellers will be able to order Fibre broadband services under the Reseller Agreement for Connect Broadband Fibre Services.

These Services incorporate both an ADSL broadband service and a telephone service. The telephone service will be activated from the start of service date, with no calls included as standard. Calls can either be made on a pay-as-you-go basis, or a Call Bolt-on can be added at any time.

A Customer will still be able to make calls using the Services, but these will either be:

- (i) charged on a pence-per-minute basis; or
- (ii) where You have ordered a Calls Bolt-on on behalf of the applicable Customer, charged at the rate for the applicable Calls Bolt-on.

For the avoidance of doubt, You will be liable for all Charges for calls made by Customers using the Services.

Service description

Using the copper access line that delivers the telephone service, KCOM also provides internet access using ADSL technology. Connection speeds for the broadband service can vary, depending on a number of factors, including the distance of the property from the telephone exchange it's connected to. To find out the speeds for the property, [click here](#).

Initial term

Each Order for the Connect Broadband ADSL Residential Packages has an Initial Term of 12 months.

Fair Usage Policy

UK Calls Bolt-ons

Packages that include unlimited Local and/or National calls (to UK landline numbers beginning 01, 02 and 03) are subject to a Fair Usage Policy. If, in Our reasonable opinion, Your Customers' use of 'unlimited', 'inclusive' or 'free' calls is inconsistent with normal residential usage and/or any of Your Customers use 'unlimited', 'inclusive' or 'free' calls irresponsibly by staying connected to a call for an excessive period We reserve the right to:

1. withdraw any 'unlimited', 'inclusive' or 'free' calls; and/or
2. disconnect any call; and/or
3. charge You Our standard rates for any calls exceeding those reasonably expected of a person using this service for domestic purposes

0845 and 0870 inclusive calls

Packages that have 0845 and 0870 inclusive calls, have up to 60 minutes duration (excluding calls to identified dial-up internet access numbers) during applicable inclusive times. Redial before 60 minutes to avoid being charged. Fair Usage Policy: 1,000 minutes or 150 calls in a month. If either of these limits is exceeded by any of Your customers, KCOM will charge the standard KCOM rates for these calls until further notice.

Mobile inclusive calls

Packages that include mobile calls (02 charge band: MB01, EE charge bands: MB03 MB04, Vodafone charge bands: MB05, MB08, Three charge bands: MB06) are subject to a Fair Usage Policy. If, in Our reasonable opinion, Your Customers' use of 'unlimited', 'inclusive' or 'free' calls is inconsistent with normal residential usage and/or any of Your Customers use 'unlimited', 'inclusive' or 'free' calls irresponsibly by staying connected to a call for an excessive period We reserve the right to:

1. withdraw any 'unlimited', 'inclusive' or 'free' calls; and/or
2. disconnect any call; and/or
3. charge You Our standard rates for any calls exceeding those reasonably expected of a person using this service for domestic purposes
